

# CLIQTEC

## KEYBOARD 1

Introducing the CliqTec KEYBOARD 1, designed to meet the demanding requirements of medical environments where hygiene and ease of use are paramount. This cutting-edge keyboard offers a seamless blend of functionality, comfort, and cleanliness, making it an essential tool for medical professionals worldwide.

**Easy Cleaning:** The CliqTec KEYBOARD 1 is engineered with a flat key design and a declining surface, allowing for effortless cleaning. Spills, debris and bacteria can be swiftly wiped away, ensuring a pristine work surface at all times.

**Clean Function:** With its clean function, the keyboard can be conveniently deactivated to prevent inadvertent data entry during cleaning procedures. This ensures that no erroneous data is entered, maintaining data accuracy and integrity.

**Hygienic Design:** Designed with hygiene in mind, the keyboard's flat keys and smooth surface minimize the accumulation of dirt and bacteria, promoting a sanitary work environment. The declining surface further aids in channeling cleaning liquids away that no residue can form.

**Enhanced Typing Experience:** Experience superior typing comfort with the CliqTec KEYBOARD 1's tactile feedback and responsive keys. Each keystroke is smooth and precise, facilitating efficient data entry tasks even during extended use.

**Durability:** Built to withstand the rigors of medical settings, the CliqTec KEYBOARD 1 is constructed from high-quality materials, ensuring long-lasting durability and reliability. It is resistant to disinfectants and cleaning agents commonly used in healthcare facilities, prolonging its lifespan.

Experience the ultimate in hygiene, comfort, and efficiency with the **CliqTec KEYBOARD 1**. Elevate your medical workspace with this essential tool designed to meet the unique demands of healthcare professionals.
