

POLYTOUCH® PASSPORT 32

is a self-service solution optimized for order processing in quick service and fast casual restaurants, as a checkout solution in retail stores and as ticketing solution at public transport stations and in cinemas. Various form factors and mounting options - wallmount, dual or single side on pedestal - the minimal footprint and the possibility to integrate different peripherals give maximum flexibility where to place the kiosk and for what use case it is deployed. In need of maintenance? Simply open the service flap to replace reusables in no time.
